Im a little dude too 5'8 130lbs but I just don't give a shit anymore. You can't wait till the beefy dudes get gulaged to start your fight you gotta do it when they're still free. You don't want your Spartans to have to go out there alone, we need em and they need us

Yes and it's not the size of the dog in the fight, but the size of the fight in the dog. Believe in yourself or your cause and if it comes to blows make the other motherfucker pay for it. Also don't trigger the prey response. If you look like easy pickens because your afraid and timid that invites people to be aggressive, hold your head high and don't avoid eye contact.

This all day. Size isn't everything when it comes to holding your ground. A 140 lb dude can do some serious damage if he isn't afraid to let it out. Don't let them intimidate you. It's the attitude that means the most here, not how big you are or how much jiu-jitsu you know.

100% Things should be safe during the day. Stay in a group. Maintain distance between yourself and sketchy people (even big guys can be sucker punched). Don't be afraid of insulting someone by crossing the street to maintain space, just don't make it too obvious or it shows weakness.

Walk with confidence. I was a pretty small kid growing up and and bigger friends got attacked all the time, but no one fucked with me. Predators can smell fear, but they also fear confidence.

Being "smaller" doesn't mean jack shit honestly.

Some years back, a couple big tough guys at the bar knocked my brothers hat off, disrespecting him for no reason.

Being drunk, my brother got into a fist fight.

Long story short, turned into a brawl.

I wasn't on the scene sadly until the end of the fights, but one of our shorter, skinnier friends knocked out two dudes cold in a row! On video!

A third ran up, and ran back after he saw the second lose conciousenes!

Hell, when I was a child, I was a bit of a bully (I apologized as a young man to the kids I messed we) and I wasn't big, and was bullying kids half my size.

They could've kicked my ass had they stood up to me.

Small people can kick just as much ass as a huge guy. The way someone hits and defends doesn't have to do with height, weight, or even too much muscle.

All about how and where ya hit.

Competitive fighting has weight classes for a reason. Of course it's possible to beat someone larger, but the bigger the size difference, the bigger the skill gap needs to be to overcome.

It's a fun show, and surprisingly tongue in cheek at the rare times that they have any current politics

Not here. Nearly all that are here, are some of the most dedicated Patriots you will find, and you can count yourself among them.

Remain aware of your surroundings above all else. They will seek to single out stragglers. They don't want anything to do with the masses. Once they start getting their heads cracked, they will disperse like the cowards that we know they are.

Dude, you have already beaten your fear. You DECIDED to go. Decision is the most important thing - it's easy to take action once you've decided. You are braver than you think. And there will be a whole lotta patriots there watching each other's back. Praying for you and for all the good people who go. THANK YOU for being on the right side of history. And yes, this IS history and you are going to be right there in the middle of it! Godspeed.

Why are some of you guy saying he will be fine?!? He will not be fine alone. We are not going to a picnic. We are going to a war zone. Find a group to go with you. Don't go alone. You have to park your car with some people, and come back to your car with some people.

Brother, one of the best soldiers I ever had the pleasure of serving with was a tiny little guy (like 5'5") who came to the USA from Vietnam. You know what made him great? He never gave up and pushed through. Your size doesn't dictate your worth - as long as you can dig deep and find that inner strength, you're more than fine. Plus you'll be shoulder to shoulder with an army of fellow America loving patriots. You'll be fine!

There are groups coming from all over the U.S. (and probably the world), just look for other MAGA gear wearing patriots and join them as they head in.

Be aware that parking in certain parts of DC and some roads will be restricted/closed from during the 5th and 6th.

If it's antifa your worried about just don't be out alone. That should be hard to do with all the patriots. And if you guys run into antifa I suggest you go look at some of the arrest records of antifa...tons and tons my woman could be the crap out of. Let the big guys take the lonely few antifa that might have a little size but no brains.

When you're a Pedo You're a Pedo all the way From your first meme To your last dyin' day

When you're a Pedo If the spit hits the fan You got brothers around You're a family man!

You're never alone You're never disconnected! You're home with your own: When company's expected You're well protected!

Then you are set With a capital DT Which you'll never forget Till they cart you away When you're a Pedo You stay a Pedo!
